

Early Literacy At Home

Green Earth, Clean Earth

April 2021

Dear Families,

Did you know that every year on April 22nd, we celebrate Earth Day? So, this month's kit is all about the Earth and how we can do our part to keep it clean and safe! We have a recipe for "dirt" cups that I'm sure you all will love, and a song about keeping litter in the trash can! Then, we have a recycling versus trash sort for parent and child to work on together to learn that plastics, cardboard, and glass go into recycle, and food waste and broken toys go into the trash! We also have a fun book for you to color to learn about things you can do to keep Earth clean!

Keep exploring the world around you with help from Early Literacy Backpacks at the library! You could check out our "Backyard Discovery" backpack, which contains books, a magnifying glass, and insect puzzle. You could also try our "Butterfly Life Cycle" kit, which contains books, toys, and games that teach the concept of metamorphosis. All 31 Early Literacy Backpacks are available to borrow for two weeks, one bag per family. Call the library for more information at 860-267-6621.

The library's Summer Reading Program will be here before we know it - next month will be our last Early Literacy kit of the school year. Stay tuned for a sneak peek of this year's theme: Tails and Tales, in your May edition of Early Literacy at Home!

I Put Litter In The Garbage

Can

(to the tune of The Wheels on the Bus)

Oh, I put litter in the garbage can,
Garbage can, garbage can.
I put the litter in the garbage can,
I'm not a litter bug.

Let's all put litter where it belongs,
It belongs, it belongs.
Let's all put litter where it belongs,
Don't be a litter bug!

Talking is one of the best ways for children to learn new words.

Speak to your child often during the day and try to use many different words to express your ideas. Children love to imitate, and they will try to imitate your speech. Chances to chat include while you are getting dressed in the morning, eating breakfast, riding in the car, walking from the car to a store, playing together, doing chores, taking a bath, going to bed, and while saying goodnight. Ask lots of open-ended questions, those that require more than a yes or no answer.

RAIN, RAIN, GO AWAY

Rain, Rain,
Go away;
Come again,
Another day;
Little [child's name] wants to play

I HEAR THUNDER

(Pound hands gently on floor or lap)

Listen, don't you? Listen, don't you?

(Cup hand to ear)

Pitter, patter raindrops; pitter, patter raindrops;

(Wiggle fingers in falling motion in front of face)

I'm wet through,

(Shake body)

So are you!

(Tickle your child)

Good readers have a large vocabulary.

Knowing lots of words helps children better understand what they read. You can help your children learn lots of words by:

- Having plenty of conversations. Take turns talking. It is important for you to ask questions and listen to what your children say in response.
- Read together! A lot!
- Make connections. Connect what you are reading in books to their lives. "Yes, Grandma has a black cat, too."
- Repetition. Children often love to read the same book over and over. This is a good thing as repeated readings help build vocabulary.
